

Environmental Management System

Results in Acquiring Independent Certification

We acquired certification for our Kasashima site (Ishikawa prefecture) in October 1996, the month in which the ISO14001 Environmental Management System Standards were issued. After that, we expanded our certified sites. All sites and sales and maintenance service bases across Japan received certification by October 2008. In addition, an overseas affiliated company has also received certification in March 2010.

Because the Tokyo headquarters and the Tokyo Development Center were relocated to the newly-built Yokohama headquarters in October 2014, we acquired the certifications accordingly in March 2015.

- October 1996: Kasashima site (Ishikawa)
- May 2001: Headquarters/Ishikawa Development Center (Ishikawa), Tokyo Development Center (Tokyo)
- April 2004: Tokyo Headquarters (Kanagawa)
- February 2006: Kansai Office (Osaka), Tokai Office (Aichi), Shinbashi Office (Tokyo)
- November 2006: ProDeS Center (Ishikawa), PFU Techno Wise Takamatsu Plant (Ishikawa)
- October 2008: Sales and maintenance services in Japan (21 sites)
- March 2010: PFU Shanghai (Shanghai, China)
- March 2015: Yokohama Headquarters (Kanagawa) (Operations in the Tokyo Headquarters and Tokyo Development Center were combined)
- April 2016: PFU Quality Service Limited (Kanagawa)

For this certification, all of the sites, the sales bases, and three affiliated companies located within the bases in Japan, as well as an overseas affiliate, which are listed above, are now registered as a multi-site system operating under one management system.
