## 2. Precautions

In order to install VRS in a Windows Vista Enterprise/Vista Business environment, you need to disable the User Account Control setting before installing. Please disable it by the following procedures.

- Open "User Accounts" from "Control Panel".
- Select "Turn User Account Control on or off".
- Untick the "Use User Account Control (UAC) to help protect your computer" box.\*
- Restart your PC.

\* whether it remains ticked or unticked in the end does not affect the operation.
