

# PaperStream Connector Option change history

## Version 1.0.0

### New feature:

The new product "PaperStream Connector Option" is now available. When the target product<sup>\*1</sup> and the option<sup>\*2</sup> is installed together on a computer, new save destinations<sup>\*3</sup> will be available.

\*1:

Target software	Supported version
PaperStream Capture / Capture Pro	3.6.0, and 3.9.0 or later
PaperStream ClickScan	1.3.0 or later
PaperStream NX Manager	2.2.0 or later

\*2: It can be used in any order of installation.

\*3: The additional output destination depends on the target software. Please check the download page of each applicable product for details.
