

## How to install PaperStream Capture Lite

Be sure to log on Windows® as a user with administrator privileges.

1. Download the installer file onto the hard disk.
2. Quit any other applications that are running on the computer.
3. Run the downloaded file, and the installer starts automatically.
4. Follow the instructions in the window to complete installation.

This completes the installation.

When the installation is done, run PaperStream Capture, click  and select [About] in the menu to confirm the version information.
