

Be sure you log into Windows® as a user with administrator privileges.

1. Download file onto your hard drive.
2. Quit any other applications that are running on your computer.
3. Run the file downloaded during Step1, and the installation program starts automatically after the self-extraction is done.
4. For details on installation, refer to PaperStream Central Admin User's Guide.
5. Confirm the version at the [About] screen of "PaperStream Central Admin" after installation.

Attention

- Before starting the installation, please make sure that .NET Framework 4.7.2 or later is installed on your system.
- If you use PaperStream Central Admin to deliver applications, the User's Guide for each application will not be installed. Please download the latest manuals from the Manual Downloads page.
- When using PaperStream Central Admin, please update the following to the latest version. If not, some features may not be available.
 - PaperStream Central Admin Agent
 - Image scanner driver

Function	fi-7300NX	fi-8190/fi-8290/ fi-8170/fi-8270/ fi-8150/fi-8250	fi-8040	SP-2230N SP-2240N
