

Be sure you log into Windows® as a user with administrator privileges.

1. Download the file onto your hard drive.
2. Quit any other applications that are running on your computer.
3. Run the file downloaded during Step1, and the installation program starts automatically after the self-extraction is done.
4. Follow the instructions on the window to complete the installation.(\*1)(\*2)

(\*1): The installation method depends on the target software.  
Please check the download page of each applicable product for details.

(\*2): PaperStream Connector Option and target software can be used in any order of installation.

Target software	Supported version
PaperStream Capture / Capture Pro	3.6.0, and 3.9.0 or later
PaperStream ClickScan	1.3.0 or later
PaperStream NX Manager	2.2.0 or later
