

Log in to the computer as a user with administrator privileges.

1. Download PSSS1601.exe onto your hard drive.
2. Double-click the downloaded file, and the installation program starts automatically after the self-extraction is done.
3. Follow the instructions on the window to complete the installation.

[Note]

If the installer does not start automatically, start the installer manually by running PSSSSetup.exe in the PSSS1601 directory found in the same directory as PSSS1601.exe.
