

## Installation Instructions

1. Be sure you log into Windows® as a user with administrator privileges.
2. Create a save destination folder for the file download onto your main hard drive.
3. Download the program for installation.

### **Important**

- Be sure to click the [Save] button and direct the download into the folder you created.
  - After downloading, make sure you have enough free disk space (at least more than twice the download file size) for installing the programs.
4. Execute the downloaded executable file to start the installation.
  5. Follow the instructions from the Installation Wizard to complete the installation.
  6. Check for [the latest software updates](#) and apply them before operating the scanner.
