

## Installation Instructions

1. Be sure you log into Windows® as a user with administrator privileges.
2. Download “S2MSPv5010U1.exe” or “S2MSPv3420U1.exe” onto your hard drive.
  - Make sure you have enough free disk space (at least more than twice the download file size) for installing the program.
3. Quit any applications that are running on your computer.
4. Execute the downloaded “S2MSPv5010U1.exe” or “S2MSPv3420U1.exe” file to unzip its contents.
  - The file is unzipped in the command window which displays with a black background.
  - It may take a few minutes for the file to complete unzipping.
  - A folder which name is “S2MSPv5010U1” or “S2MSPv3420U1” is created and a file called "Setup.exe" appears in the folder after the unzipping is complete.
5. Execute "Setup.exe" to start the installation.
6. Follow the instructions from the Installation Wizard to complete the installation.
7. Check for [the latest software updates](#) and apply them before operating the scanner.
8. Restart Windows or both ScanSnap Manager and ScanSnap Organizer when the installation is complete.
